

LORETTO RETREATS EQUITY SCHOLARSHIP

We recognize that race, nation of origin, gender identity, generational poverty, family circumstances and physical or cognitive ability impact job opportunities, health care, education and much more.

We also recognize that artists, musicians, writers, social justice workers, and international development workers, among others, choose paths that contribute to the common good but often don't receive adequate compensation.

As an extension of welcome to those with unequal access to financial resources, the Loretto Retreats Equity Scholarship supports those who wish to retreat at Cedars of Peace or Knobs Haven.

How is the fund accessed?

The fund can be accessed by completing this [form](#). Persons can apply once in a twelve-month period.

How is it supported?

A portion of all donations to the retreat centers is designated to support the scholarship fund, and some retreatants choose to contribute directly to this fund.
